Dear Mr. Braxton:

Re: Mine Plan Amendment, Request of As-built Plans, Wilson-Siverbell Mine,
Mine Discharge Water Treatment Facility, ACT/037/027, San Juan County, Utah

I have enclosed copies of the preliminary design and follow-up correspondence to the Department of Health on the Wilson-Silver Bell mine discharge system. As I mentioned to you on the phone, I have not mailed any of the design work to your department before, because there has been no approval for the work from the Department of Health. I plan on mailing a notice of intention to revise mining operations after we have received approval to proceed from the Department of Health.

Please feel free to contact me if you have any questions.

Yours truly,

UMETCO MINERALS CORPORATION
